

17 Campers from Senior High and College

As the Philippine Church has dedicated this year as “Year of the Youth”, we join in this celebration by providing the AC youth to declare their being God’s Beloved, bestowed with an abundance of gifts that can be placed at the service of the Church.

Through this youth camp, the participants would:

Be provided with moments to experience a personal encounter with Jesus and awaken their desire to seek God, or deepen their relationship with Him through:

A Liturgical celebration and prayer moments

Faith sharing Catechesis / teaching

Be able to develop camaraderie and unity among the senior high and college students through:

Trust activities Games, music and art to express their gifts

Praise fest

Be able to organize a support group to sustain and deepen their experience through an action plan which hopefully includes:

Post camp reunion (one month after)

Formation modules through monthly prayer circles which may lead to the formation of CLAy Youth.

These objectives will hopefully ignite, then strengthen, values and virtues of humility, simplicity, integrity, oneness, interiority, mindfulness and commitment among the participants.

This year’s camp was held on June 6 – June 7, 2019 at the Camp Explore in Antipolo, Rizal. We had a very dynamic Camp Team composed of AC BED teachers, and CLAy volunteers who were there to make sure that they had a meaningful and fun experience.
